**Suggestion of message**

It is with pride that I decided to **participate in the Montreal Marathon** with the team of CRDM Foundation. By joining this team, I have chosen to **contribute financially** to the program **Focus on Family** of CRDM-IU. This program helps families whose parents have addictions to drugs, alcohol, gambling or Internet and whose children aged 6 to 12 years suffer by those consequences. This program was designed so that every family who has difficulty could find support, answers and tools to rebuild family life away from addictions. *Focus on family* will obviously help to prevent the intergenerational transmission of addiction.

**Because children are our future and because I need you to win this challenge , thank you for your generous support**
